

# RAY - BAR SHIELDED SCREW CAP COVERS

Ray-Bar's exclusive Shielded Screw Cap Covers are utilized for safely shielding and encapsulating new screw penetrations into existing lead shielded walls, partitions or when adding cabinets or other surface mounted accessories into completed lead shielded walls, partitions or barriers and provide an easy to install retro-fit option in meeting the required lead shielding while also safely encapsulating both the required lead shield and screw head penetration in an aesthetically pleasing hinged and locking PVB cap.
